

ACTIVITIES AT CONCORD: PROTOCOLS AND PROCEDURES

EFFECTIVE Friday, May 20, 2022

CURRENT RISK LEVEL FOR NEW CASTLE COUNTY—HIGH

The Session has adopted a policy of following the CDC guidelines for all building use based on the risk level for New Castle County.

This includes when the risk level is:

- **HIGH:** Masks are required, and social distancing is encouraged.
- **MEDIUM:** Masks are encouraged but not required, and social distancing is encouraged.
- **LOW:** Masks are not required.

It is important that those who are showing symptoms—whether COVID or not—stay home no matter what the risk level so that we minimize the spread.

If you have tested positive, please inform anyone with whom you have been in close contact so that they can take appropriate action.

If you have tested positive or have had close contact, please review the CDC guidelines using this link for the [Quarantine and Isolation Calculator](#).

***Thanks for your understanding and cooperation;
we all need to do our part to avoid spreading this virus.***
